

THE UNIVERSITY of TENNESSEE 
CENTER for EXECUTIVE EDUCATION
MBA Alumni Network

Your MBA degree from the University of Tennessee puts you in very good company. Over 5000 students have graduated with their MBA degree from UT since the first MBA program was formed in the College of Business Administration in 1968. Since that time, five MBA programs have offered business leaders options in achieving their MBA degree in a format that best suits their circumstances and career goals.

UT MBA Timeline

We are very excited to launch a new service for the alums of our UT MBA programs--the **MBA Alumni Network!** The **MBA Alumni Network** will help you stay connected to your classmates and faculty, expand your network through other alumni contacts, continue learning through events on and off campus, and provide you with a wealth of resources to support your career goals.

Soon, a new **MBA Alumni Network** website will be available to you as a full-service resource to help you connect, learn, and grow. The website will enable you to network with alums, faculty, and other business leaders and to keep you informed of events and resources that will be of value to you. We will let you know just as soon as the website is up and running.

In the meantime, we need to let you know about the first alumni events being sponsored by the **UT MBA Alumni Network**. Please join us on campus this fall for three events that make up **MBA Homecoming 2009!** Here are the details:
